

Account **Activation** Instructions:

1. Connect the Modem(CPE) to your computer and create a PPPoE connection. Instructions for creating PPPoE connection is inside the Modem's box
2. Double click on the connection which you created in the first step
3. Enter temporary **username** and **password** then connect. Temporary **username** and **password** can be found inside the box
4. After connecting, open <http://portal.nawand.net> website, enter same temporary **username** and **password** then click on **Login**
5. Enter new **username** and **password**, and other required information in the page and click on **Submit** then power off your Modem
6. Power on your Modem and double click on the connection again, enter new **username** and **password** which you have just created then connect
7. Now Recharge your account. Follow the “Recharge your Account” instructions

How to **recharge** your account:

- 1- Connect to the internet using the dial up connection which you have already created, with your username and password.
- 2- Open <http://portal.nawand.net>
- 3- Enter your **username** and **password** and **click on submit.**
- 4- Click on **Recharge.**
- 5- Enter the **Serial number** and **Activation code** from the coupon card.
- 6- Click on **Submit.**
- 7- Disconnect your connection and Connect again, or Power Off and Power On your CPE.
